

AN OPEN LETTER TO HYPERMETROPE

THE FAR SIGHT.

Your trouble, friend, known as hypermetropia, is also called far sight or over sight; not because you can see farther or better than one with a normal eye, but because the focal point of your eye is adjusted to a point abnormally distant. Therefore it cannot be adjusted to the near point without overstrain unless aided by lenses. The normal eye on the contrary can be, until the age for old sight is reached.

Normal eyes are adjusted naturally to any distance; yours to none except beyond the far point and then only through an abnormal strain; hence the designation far sighted.

Edmund Breese the eminent dramatic star in "The Song of the Slave" will be the Metro offering at the Keith tonight. Not since Mr. Breese played the role of John Burket Ryder in the Lion and the Mouse has he had a part so well suited for his unusual talents. The picture is one of sharp contrasts and shows the wide gulf between capital and labor, portraying the story in convincing manner.

Emmett Wills and Dorsey Leypoldt have just completed cutting and stacking their sweet clover. Four and six binders have been cutting the past three weeks, and several gangs stacking. They have a total of 72 stacks, and a conservative estimate will place the yield at 1,000 bushels. With a market of between \$7 and \$8 per bushel, the boys will realize a tidy sum for their season's labor.—Hershey Times.

The first of the motion picture novel "Gloria's Romance" with Billy Burke will be shown Friday night. In order for Klein to secure the services of Miss Burke for the wonderful picture it was necessary for him to make a special arrangement with F. Ziegfeld under whose management she has been working. This certainly will be one opportunity for you to see what is the best and for so little expense. Just remember that you have this date crossed off on the calendar and send your regrets to all other affairs for the evening. Balcony 10c, main floor 10 and 15c.

OLD TIMER AND OLD SOLDIER PASSES AWAY.

Alzora McMichael, for thirty-eight years a resident of North Platte and who for over three years saw active service in the civil war, died at his home in the south part of town Saturday night from organic trouble incident to advanced age. The deceased passed his seventy-eighth birthday last January.

The funeral was held from the Christian church yesterday afternoon, conducted by Rev. Cram, and was largely attended by friends and members of the G. A. R. and W. R. C., and at the grave the final honors due the soldier brave was accorded this man who gave his best efforts in defense of his country, to whom "old glory" was sacred, and who for many years had been an active member of the local G. A. R. post.

The pall bearers were the five resident sons and the son-in-law.

Mr. McMichael was born in Pennsylvania, and came to North Platte where for many years he followed his trade, that of a carpenter. He is survived by one daughter and six sons. Mrs. McMichael having died eight or more years ago. The children are Mrs. John Koons, James A. Benton, Clyde, Howard, John and George, the latter living in Minnesota and all the others in North Platte.

Mr. McMichael was a good citizen, always standing for that which was right and condemning that which was wrong. He was intensely patriotic; his family his first consideration, his country second. He lived a good life—he has gone to enjoy the fruits of a earthly career well spent.

Mutual Building & Loan Ass'n. OF NORTH PLATTE, NEBRASKA. ASSETS \$840,000.00

To Prospective Building & Loan Borrowers:

Non-resident Building & Loan Companies are advertising the fact that they have reduced the monthly payments of borrowers to \$1.10 per month on each \$100.00 borrowed, making the monthly payment the same as the Mutual Building & Loan Association of North Platte. They fail to state that of the \$1.10 paid to the non-resident company, there is only thirty-five cents credited as a principal payment, the balance seventy-five cents being taken for interest. Of the \$1.10 monthly payment to this association on each \$100.00 borrowed sixty cents is for interest and fifty cents is credited as a principal payment.

This difference in the amount credited the borrower will result in the borrower in the non-resident company being compelled to pay not less than \$25.00 more on each \$100.00 borrowed in order to discharge the debt than they would if they were doing the business with this Association.

FOUND

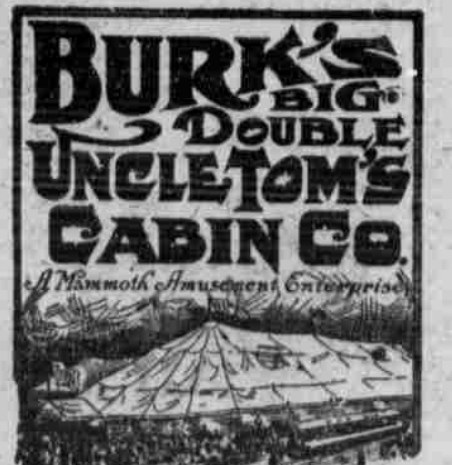

We have found a way to re-surface old floors and make them look like polished oak.

The new surface can be any color desired regardless of what it was before, and is equal to genuine oak in wearing and washing quality.

It is easy to apply and the cost is very low.

Come in and see if you can tell which is Chi-Namel and which is REAL oak.
